

Prince Edward Community Living Room – Official Launch

Transcript of Cantonese short video

Voiceover:

Another flagship project of “Community Living Room (CLR)” has launched, located in the heart of the city, the three-storey Prince Edward CLR, provides additional living space for “subdivided unit (SDU)” households in Sham Shui Po and Yau Tsim Mong District, as well as community support, and community sharing services.

Prince Edward CLR covers approximately 4800 square feet, featuring essential facilities such as a shared living room, pantry, dining area, study room and children play area etc. As a flagship project, it also offers, library corner, art gallery, fitness area, silent cabin, and other additional facilities. The well-equipped facilities foster SDU households’ community connections and strengthen their sense of belonging to the community.

This CLR also provides supportive services such as homework guidance, interest classes, and talks. It offers

community information, such as Transitional and Light Public Housing. For members in need of social welfare services, the CLR will refer them to appropriate community services.

The Chief Secretary for Administration, Mr. Chan Kwok-ki:

I would like to express my heartfelt gratitude to Henderson Land Group. Following the success of the Nam Cheong CLR, they provide the rent-free venue with management fees waived again and cover all fitting-out cost, making the launch of this cozy CLR possible. I would also like to extend my sincere gratitude to Lok Kwan Social Service in operating this CLR year-round. CLR is established through tripartite collaboration among the Government, the business sector, and the community focusing on assisting SDU households by providing additional living space and community support and ultimately improving their living quality. We will continue our efforts to launch more CLRs to reach more grassroots families and help them live happier and more fulfilling.

Voiceover:

The Prince Edward CLR is expected to serve around 500 SDU households, totaling about 80000 attendances annually.
